ABOUT TAILOR COIN

The Biggest BSC $TC Meme is here!

If humanity does not make it when AI takes over, crypto will because of the bonding strength of the tightly-knit community of TC. TC is an unruly coin leveraging the up-to-date intelligent power of BSC to reveal, unlock and protect the most fun in the world as it builds the largest Binance Smart Chain (BSC) Meme Family. This is where AI fuses with TC to unlock the unimaginable. Catch all of the fun in the world with a hilarious community, open to learning and constantly challenging the norm. $TC is the meme coin powering the TC community towards its recalcitrant goals, exhilarating fun and meme singularity. Human x Artificial intelligence has achieved great feats. Let's see what happens when you combine Humans x Memes x Artificial intelligence. Let's Foking Grok It! Woof!

- About step 1: Revolutionizing consensus with Proof-of-Intelligence, a logical leap in secure and efficient decision-making.

- About step 2: Redefining trust with an open, auditable, and accountable AI system for intelligent operations.

- About step 3: Seamless fusion of decentralized governance and AI for smarter, community-driven decision-making.

- About step 4: Pioneering equitable, transparent decision-making powered by advanced AI and blockchain technologies.
